Technical Data Sheet: Pressure Sensitive Adhesive 486N

Dry Film Adhesive 486 N - The ULTIMATE PSA!

Technical Data Sheet

Thickness	.006"	
Estimated cost (large volume)	Call or email for pricing.	
Width	24" standard or up to 47¾" Rolls or Sheeted	
Pressure	16 psi	
Heat Resistance	300° F / 148° C	
Moisture Resistance	Excellent	

Recommended bonding surfaces

Excellent bond to most any surface! Indoor/Outdoor use

About our 486N PSA

This 2-sided adhesive is designed specifically for paperbacked wood veneers, high performance heat resistance labels, tapes, outdoor signs and decorations. It has a tough polyethylene inner liner that stabilizes each side of the adhesive film. This adhesive is extremely strong, permanent adhesion with a no slip bond. Excellent bond to most reasonably smooth surfaces with high cohesion. This adhesive has an extreme peel strength with a permanent bond.
